To : All Zenitel Offices & Partners

29 September 2023

Zenitel is pleased to announce the release of our new Zenitel Turbine Extended models.

New Models and Availability

Item Number	Item Name	Description
1008317110	TEIV-1+	Turbine Extended IP Video Intercom with Keypad and Display
1008318240	TEIV-4+	Turbine Extended IP Video with RFID card reader space
1008140330	TA-33	Turbine Extended On-wall Backbox
1008140340	TA-34	Turbine Extended Flushmount Backbox

Highlighted Features:

Both Turbine Extended models are based on the TCIV+ platform featuring:

- Powerful audio technology including high sound pressure, automatic gain control, and active noise echo canceling
- Wide angle, HD video up to 1080p resolution
- High performance hardware platform with 4x Cortex-A53 CPU cores and 512MB LPDDR4 RAM
- ONVIF Conformant
- Vandal Resistant Design
- IP66- Dirt, dust and water resistant (w/TA-33)

The TEIV-1+ is focused on convenient secure door-entry solution, with access granted via user-defined PIN codes of up-to 6 digits. Calls can be made directly by using the keypad, or a visitor can scroll select the recipient from the address book.

- Full Numeric Keypad
- Scroll, confirm and cancel keys
- OLED Display

The TEIV-4+ is a single button station that is designed to reduce the equipment needed near the door, by offering an in-built mounting solution for selected HID and Elatec access-card readers.

- Mounting plate solution for selected 3rd Party Card readers (Cards reader not included)

Your Feedback

If you have any questions related to this bulletin, please contact your local Zenitel sales representative. We look forward to further developing our cooperation in 2023 and are grateful for your continued business and support.
