Software Release Bulletin

Release of VS-IS 8.1.3.2

To : All Zenitel Offices & Partners   06 May 2024

Release of VS-IS 8.1.3.2

Zenitel has identified a potential cyber security risk in its device software. VS-IS 8.1.3.2 addresses this issue and is now available. The package contains the following software and firmware:

- VSFF8-8.1.3.2: TKIV+/TCIV+/TMIV+/TEIV+
- VSFF8MP-8.1.3.2: ZMK-1
- VSFF6-8.1.3.2: Desktop V2 / Flush Master CRM-V-2 / Cleanroom IP-CROR
- VSFT-8.1.3.2: Turbine Compact/Extended
- Zenitel IMT ver. 3.5.3.0 - Intercom Management tool for PC
- Zenitel-Client ver. 1.6.3.1 - Soft Client for IC-EDGE system

Compatibility with Zenitel IMT

To upgrade devices to VS-IS 8.1.3.2 and configure them, Zenitel IMT 3.5.3.0 must be used.

Availability / Download

VS-IS 8.1.3.2 is now available on Zenitel Wiki. You can find additional resources and download the software at: https://wiki.zenitel.com/wiki/Downloads

As software updates may be made available at any moment, it is always advisable to check for the latest available version on a regular basis. **To be able to download software it is required to log in with a username and password**. These can be obtained by sending an e-mail to alphasupport@zenitel.com. Please make sure that we can identify from the mail who you are.

Your Feedback

If you have any questions related to this bulletin, please contact your local Zenitel sales representative. We look forward to further developing our cooperation in 2024 and are grateful for your continued business and support.
