

## 1. Declaration of Conformity

This declaration of conformity is made in compliance with the Swedish laws relating to the following EC Council Directives: Radio and Telecommunication Terminal Equipment Directive (R&TTE – 1999/5/EC), Electromagnetic Compatibility Directive (EMC – 89/336/EC) and Low voltage Directive (LVD – 73/23/EC).

## 2. Product name/model

U952T-xxxx

## 3. Product Description

UHF terminal transmitter

## 4. Conformity

The product complies with the following standards:

	<b>STANDARD</b>	<b>TITLE</b>
<b><u>RADIO:</u></b>	EN 300 224-1	ERM – On-site paging service; Part 1: Technical and functional characteristics, including test methods
	EN 300 224-2	ERM – On-site paging service; Part 2: Harmonized EN under article 3.2 of the R&TTE Directive
	EN 300 296-1	ERM - Land Mobile Service; Radio equipment using integral antennas intended primarily for analogue speech Part 1: Technical characteristics and methods of measurement
	EN 300 296-2	ERM – Land Mobile Service; Radio equipment using integral antennas intended primarily for analogue speech; Part 2: Harmonized EN covering essential requirements under article 3.2 of the R&TTE Directive
	EN 300 720-1 <sup>*1)</sup>	ERM – UHF on-board communications systems and equipment; Part 1: Technical characteristics and methods of measurements
	EN 300 720-2 <sup>*1)</sup>	ERM – UHF on-board communications systems and equipment; Part 2: Harmonised EN under article 3.2 of the R&TTE Directive
	ITU-R M.1174-2 <sup>*1)</sup>	Technical characteristics of equipment used for on- board vessel communications in the bands between 450 and 470 MHz
<b><u>EMC:</u></b>	EN 301 489-1	ERM - EMC standard for radio equipment and services Part 1: Common technical requirements
	EN 301 489-2	ERM - EMC standard for radio equipment and services Part 2: Specific conditions for radio paging equipment

**SAFETY:** EN 60950-1 Safety of Information Technology Equipment

\*1) **IMPORTANT: ON-BOARD INSTALLATIONS**

The U952T transmitter is shipped with standard output power. Full compliance with RECOMMENDATION ITU-R M.1174-2 (Technical characteristics of equipment used for on-board vessel communications in the bands between 450 and 470 MHz) and EN 300 720 (Electromagnetic compatibility and Radio Spectrum Matters (ERM); Ultra-High Frequency (UHF) on-board communications systems and equipment, Part 1 and 2) regarding radiated output power and frequency of operation is the responsibility of the installer.

**5. Manufacturer**

Ascom (Sweden) AB
