## NIM-1MFT-T1/E1

Cisco 1-port T1/E1 Multiflex Trunk Voice/Clear-channel Data

This item has been replaced with the new upgraded Voice Gateway:

[✔ Grandstream Voice Gateway \(zenitel.com\)](#)

---

## Description

NIM data features follow:

- T1/E1 or fractional T1/E1 network interface
- n x 64 kbps or n x 56 kbps, nonchannelized data rates (T1: n = 1 to 24, E1: n = 1 to 31)
- Standards-based, including ANSI T1.403 and AT&T Publication 62411
- Non-Facility Associated Signaling (NFAS) on one single module is supported. NFAS across multiple NIM modules is not supported.
