EMMAR-1H

Handheld Microphone for Exigo ECPIR Indoor Access Panels

This product has been replaced by the PAM1H Handheld Microphone.

Description

- Stainless steel bracket included
- Push-To-Talk button
- 3-meter curly cord
- Equipped with locking DIN plug
- High quality digital background noise reduction

The EMMAR-1H handheld microphone is designed for indoor use. The microphone is used on all Exigo ECPIR access panels and features a PTT button. When connected to an Exigo access panel, the microphone is fully monitored. Failure of the microphone element or an open/short circuit will be detected and reported by the system.
