HP Procurve 1410-24G - 22+2 ports 10/100/1000 - Unmanaged Switch

---

## Description

The HP 1410 Switch Series consists of unmanaged switches designed for small businesses looking for entry-level, low-cost, reliable networking solutions. Available features include flow control to provide outstanding data efficiency, simplified plug-and-play operation, Auto-MDIX, auto-speed negotiation and flexible mounting options.

All models have Quality of Service (QoS) support and IEEE 802.3x flow control features. Plug-and-play convenience is enabled by auto-MDIX and auto-speed negotiation.

# Specifications

The HP 1410-24G Switch is an unmanaged Gigabit switch with 22 10/100/1000 ports and 2 dual-personality ports for optional fiber uplinks.
