Emergency Communication Tower / Stanchion

1608 Eco Tower

This product is only available in the Americas

Emergency points

Description

- ✓ Economical and Reliable Emergency Communications
- ✓ Lightweight aluminum construction which allows for one person installation
- ✓ LED Blue Light flashes when unit is activated - LED Blue Light is constantly on
- ✓ Modular construction allows for easy upgrades
- ✓ Intercom station is illuminated at all times by LED panel light
- ✓ Vandal resistant and designed to resist extreme weather conditions
- ✓ ADA compliant
- ✓ Voltage Options - 120 VAC, 12/24 VDC & 24 VAC

The Emergency Stanchion is a vandal resistant 9.5' tower designed for use with the Zenitel line of hands-free emergency stations. It is ideal for college campuses, open lot parking facilities, medical centers, city streets, shopping malls and any other open space where security is a concern.

The stanchion comes equipped with integrated blue light. The blue light is always lit, calling attention to the location of the emergency intercom. The LED light automatically pulses when the emergency intercom is active. The pulsing continues until terminated by the security personnel receiving the emergency call. The LED blue light is located on the top of the column.

The tower is made of aluminum and weighs only 45 pounds, so installation can easily be accomplished in a day by one person. The tower is finished in a high-gloss, multilayer corrosion-inhibitive coating with resistance to UV fade and graffiti protection.

The Stanchion lettering can include the word "EMERGENCY" or "ASSISTANCE" emblazoned on all four sides in high reflective letters. Other lettering choices are available. The station has a LED front panel that illuminates the face of the emergency intercom.

The Turbine series of stations and the 1600TA Plate with TA-18USA backbox (107216008140) are both ordered separately. See more information on the specifications page for part numbers.

Specifications

TURBINE SERIES IP:

107216008140	1600 Turbine Plate w TA-18 USA Box
1008111010	TCIS-1
1008111020	TCIS-2
1008111030	TCIS-3
1008111040	TCIS-4
1008111050	TCIS-5
1008111060	TCIS-6

TURBINE SERIES ANALOG:

1008114010	TCAS-1
1008114020	TCAS-2
1008114030	TCAS-3
1000968903	Relay Board (required for Turbine Analog Stations)

GENERAL

Dimensions:	9.4' H x 10" W x 6.8" D
Mount Weight:	45 lbs.
Mounting:	In concrete foundation
	Hardware included (shipped in advance after unit is ordered)

TURBINE SERIES VIDEO:

1008315020	TCIV-2+
1008315030	TCIV-3+
1008315050	TCIV-5+
1008315060	TCIV-6+
