

Compact ICS

Integrated Communication System

- Integrated Communication System designed for internal/external 2-way communication.
- The system is optimized for IMO/Solas requirements on both small and medium sized marine vessels.
- IP-22 Rating
- Capacity: Up to 72 lines
- Dual power supply: AC/DC or AC/AC

SIP Onboard communication

Description

The Compact ICS provides a flexible, cost-effective solution for analogue intercom, telephony, public addess and loudhailing on small and medium-sized marine vessels. Combining these functions in one compact cabinet, it supports reliable two-way communication for onboard operations. By adding the ICS P-6202 Billing Unit, logging and billing of calls are trackable using PIN and extension registration.
