A8B024BB

Acoustic Signal Industrial Bell

Description

- ✓ Supplied with a universal mounting plate for all installation options
- ✓ Rugged die-cast construction
- ✓ Robust and reliable

The A8B024BB is a high quality solenoid driven bell designed for use in commercial, industrial and transportation applications. With a choice of three gong sizes, this unit delivers a clear, loud ring which is free from mechanical clatter. The bigger the gong, the deeper, louder and more penetrating the sound. When fitted with the optional back box, the units are weatherproof and suitable for mounting in exposed locations.
