Milestone Xprotect Professional+ Device license

- ✓ Device license for Xprotect Professional+
- ✓ Note! One licence per device/camera

Description

The XProtect Professional+ Device License from Milestone enables you to add one additional camera to your XProtect Professional+ system. One license is required per camera channel.

XProtect Professional+ offers comprehensive features such as built-in motion detection and alarm handling to ensure users are aware of and notified of incidents helping improve response times and decreasing false alarms. Xprotect Professional+ is powered by three user-friendly interfaces: XProtect® Smart Client, XProtect® Web Client and milestone Mobile. All XProtect clients are available in 26 languages and are flexible for users with different surveillance skill levels. The clients also help provide a great overview of the installation regardless of the user's location.
