- Suitable for cabins and offices

Description

This telephone is phased out and replaced by item no 2212000101

The Analog Desktop Telephone is made for the ASA and ACM system. The telephone is well suited for use onboard ships and has a solid construction for marine environment including strong magnet holder of handset.

The telephone is easy to use with a full keyboard (including R/flash key) with large buttons. In addition the telephone has a LED for indicating if handset is on/off and a set of special function keys for:

- Redial (Redials last number)
- Mute (Mutes the microphone)

The ringer volume (high/low) and handset volume (high / low) can be adjusted.
