Description

VSP-122 Main Station: Watertight Batteryless Telephone

The VSP-122 Main Station is a durable part of our 12-Way Batteryless Telephone System, specifically designed for outdoor application.

Its characteristics include:

- ✓ Watertight Housing: Ensures performance in all weather conditions, perfect for bridge wings and deck areas.
- ✓ 12-Position Selector Switch: Facilitates selective calling to enhance communication efficiency.
- ✓ Strategic Outdoor Placement: Maximizes communication reach in critical situations, especially during power outages.

The VSP-122 is the go-to solution for outdoor communication needs, offering a watertight, reliable link in compliance with SOLAS standards.
