Base product: VMP-36-PELP-A

Includes: 3005020067 - Modification cable kit with diode for [VMP-stations](#) - See the Documents tag for the modification description

- ✓ Portable headset for connection to plugbox CD-7-VMP
- ✓ Switchbox w/ M-button and belt clip
- ✓ Excellent noise performance
- ✓ High attenuating ear shells
- ✓ Standard with 10 meter cable

 IP54  Onboard communication

## Description

The VMP-36-PELP-A headset brings hearing protection and communication in noisy environments into a new level of performance with newly designed speakers and microphone.

The dual cup give a modern and slim look and is specially designed to provide excellent noise attenuation.

## Applications

The VMP-36-PELP-A headset can enhance communication in noisy environments and other workplaces, where the workers need to be connected to their 2-way handheld or fixed systems throughout the day to help facilitate frequent contacts with co-workers.

## Functionality (together with VMP station/CD-7-VMP Plugbox)

In the OFF Headset position *on the CD-7-VMP* plugbox the VMP station works as normal. No audio to, and from the headset.

If switched to upwards position (Opposite of OFF Headset) the headset is enabled and a dial tone is heard in the headset. Outwards dialling must be initiated on the VMP station.

When called, the conversation can be answered directly from the headset/plugbox simply by swiching toupwards position.

If the switch somehow is in in the upwards position when a call comes in, the caller will be met by"busy"

Use the headset PTT button (M-button) to talk from the headset when in a conversation. This will autmatically activate simplex mode. Return to duplex mode by briefly reactivating the PTT button.

Switch back to OFF Headset position to terminate the call.

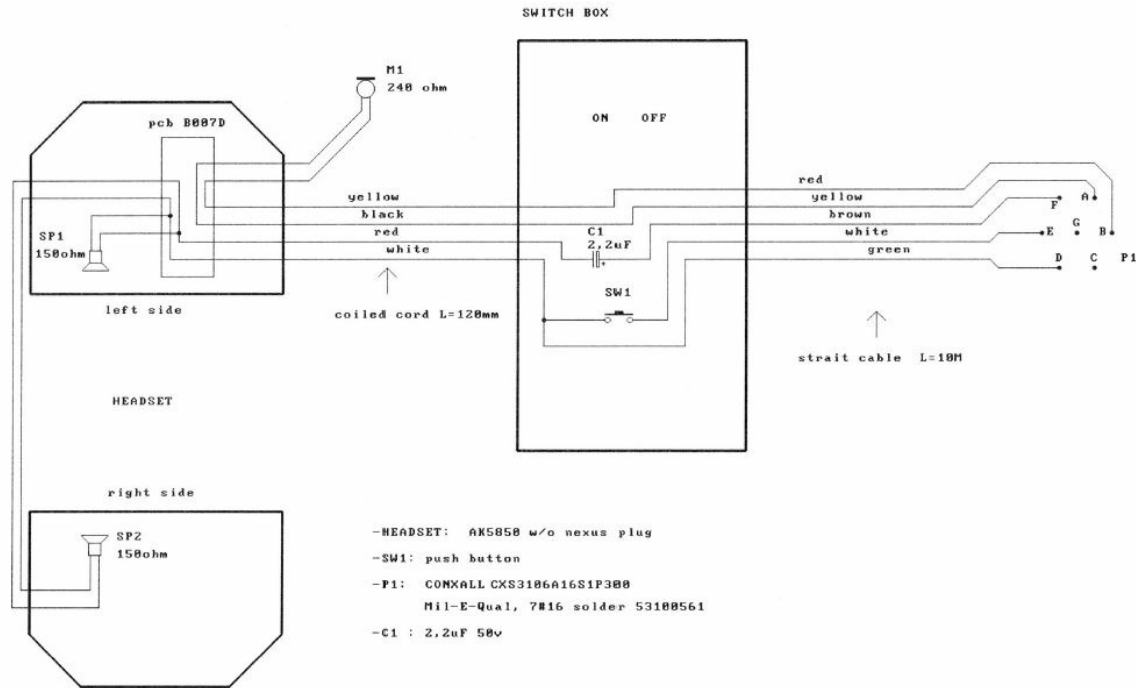

## Technical Dimensions

Mount bracket, 1.2mm stainless steel

# Specifications

## GENERAL

Termination	Conxall, CXS3106A16S1P300, 7 pin (Plug box CD-7)
Microphone	20,5 mm. dynamic noise cancelling, 240 Ohm+- 30 %, sensitivity -57 dB+-3 dB, 0 dB=1v/pa at 1kHz, frequency response: 50Hz-6KHz.
Earphone/Speakers	27 mm. diameter, 150 Ohm+-15 %, Parallell connection, frequency response: 50Hz-10KHz.
Temperature	-40 to +60 degrees C
Storage Humidity	< 90%
Protection	IP-54 (When worn)
Attenuation rating (HML)	H=32 dB / M=28 dB / L=20
Attenuation rating (SNR)	30 dB
CE Certificate no.	12151RHS01
Dimension (HxD)	Approximately 250 x 150 mm. (adjustable).
Weight	0.4 kg
Colour	Black/Yellow
Manufacturer	Zenitel (A-kabel)
Cable	10m
