## CAB-BASE-810

Base / plinth for 800x1000mm cabinets

- ✓ For 800x1000mm cabinets
- ✓ 100mm height

## Description

This item has been replaced with [2810011093](#)

CAB-BASE-810 is base / plinth for 800x1000mm cabinets.

The base / plinth can be used when there is a need for extra space for cables incoming from the bottom. It has 2xØ15 holes; one should be used for mounting the base to the floor foundation and another one for the cabinet. Cabinet has Ø15 and M12 threaded holes available for securing it to the base / plinth.

Depending on the application, base / plinth corner pieces with moulded self-positioning to the enclosure may be used with or without trim panels. Large openings in the base/plinth corner piece may be concealed with a plastic corner and baying cover for optimum access to the screw-fastening point. Front, rear and side plates can be removed to enable transportation of a cabinet with a forklift.
