## Description

TEIV-4+ builds on Zenitel's video intercom platform, providing a video-intercom chassis with dedicated mounting space and hole patterns for HID Signo 20 (Terminal Strip) and Palon Compact LEGIC (TWN4 PCB) card readers.

All Zenitel IP stations leverage advanced audio engineering for outstanding clarity: HD voice, full-duplex operation, noise and acoustic echo cancellation, a MEMS microphone, a 10 W Class-D amplifier, and Zenitel's optimized speaker-grille design. Combined with decades of acoustic expertise, these deliver superior audio performance.

The IP Video Intercom range further adds wide-FoV HD video, digital PTZ, and support for H.264 and MJPEG.
