Description

The SPRF-06W-25-EN54 is a 6W 100V flush mount loudspeaker which has a 2.5" (66mm) full-range chassis providing superb sound coverage and excellent sound quality with speech and background music, and which is certified to EN54-24. The speaker is fitted with a 100V transformer which has three power tapings of 6W, 3W and 1.5W.

The SPRF-06W-25-EN54 has a sturdy natural coloured aluminium front panel and a high-impact black ABS rear housing, which provides a low resonance sound. The enclosure is ingress protection rated to IP21C. The speaker is designed to be flush mounted in walls or suitable ceilings. The 100V loudspeaker line cabling is connected by means of a two-pin ceramic block, and for additional reliability a thermal fuse is provided and the speaker chassis is damp-resistant.

This loudspeaker is optionally available with a DC blocking capacitor fitted, in order to provide compatibility with DC loudspeaker line monitoring systems. The part number for the DC monitoring compatible version is SPRF-06W-25-EN54-DC
