Description

The SPRF-06W-65-EN54 is a 6W 100V flush mount loudspeaker which has a 6.5" (165mm) full-range chassis providing excellent sound quality with speech and background music, and which is certified to EN 54-24. The speaker is fitted with a 100V transformer which has three power tappings of 6W, 3W and 1.5W.

The SPRF-06W-65-EN54 has a sturdy front grill made of steel, a shock-resistant ABS front panel and a high-impact rear housing, which provides a low resonance sound. The enclosure is ingress protection rated to IP21C. The 100V loudspeaker line cabling is connected to a two-pin ceramic terminal block. For additional reliability, a thermal fuse is fitted, and the loudspeaker chassis is moisture-resistant. The loudspeaker is also compliant with British Standard BS 5839, Part 8.

The speaker is designed to be flush mounted in walls or suitable ceilings.

The loudspeaker is optionally available with a DC blocking capacitor fitted, in order to provide compatibility with DC

loudspeaker line monitoring systems. The part number for this DC monitoring compatible version is SPRF-06W-25-EN54-DC.

Enhanced Acoustic Simulator for Engineers (EASE) data is available for this speaker on request.
