Zenitel Mobile App – Local Mode

 HD Voice

 H.264

DESCRIPTION

- Android and iPhone (iOS) support
- Audio and video calls including video preview
- Action buttons for remote control of doors and gates
- Integration with Apple and Google push notifications for waking up app
- Remote provisioning using QR code

The Zenitel Mobile App extends your IC-Edge system to your mobile device. This gives you the convenience to be on the move and still available for your visitors or react to security events. From the app you can make and receive calls, view videos and open doors.

Zenitel Mobile is free to download from Google Play and App Store. A license is required in the IC-Edge system to connect the Zenitel Mobile. Up to 10 Zenitel Mobiles can connect to one system.

Note! Zenitel Mobile can only be used when in reach of the network where the IC-Edge system is deployed.
