

Unparalleled Reliability & Efficiency
in Maritime and Offshore Environments

Because Communication is Critical

**IP PAGA Solution
with Cyber Security & MED Approval**

EXIGO PAGA System

Enhancing Onboard Safety and Operational Efficiency with the Advanced IP PAGA System

Zenitel's EXIGO PAGA system is designed to meet the demands of our customers operating in the most challenging and high-noise environments.

It complies with the strictest standards for maritime and offshore use, serving as a critical tool for delivering safety procedures and instructions through clear and intelligible announcements.

The system is built for seamless integration with a wide range of onboard critical communication systems, offering advanced monitoring, remote control, and maintenance features.

Why Choose Zenitel For Your PAGA System?

- Modular and Flexible – Easily scalable to fit vessels of any size and ready to integrate with existing communication infrastructure
- Certified and Compliant – Meets Maritime cyber security, MED and SOLAS requirements
- Proven at Sea – Deployed on more than 500 vessels and offshore installations globally.
- Expert Integration Support – End-to-end assistance from system design through commissioning

About EXIGO PAGA System

- Engineered for reliable performance in the harshest environments – Designed to meet maritime and offshore demands
- Redundant & Reliable – A+B configuration and fault-tolerant architecture
- Cyber Approved – Compliant with DNV Cyber Secure SP1 (Essential) and IACS UR E27 for future-ready communication security
- MED Certified – Type-approved for use on SOLAS-compliant vessels

Cyber & MED Approvals

Cyber Approval

Approved **August 2025**

In line with mandatory IACS Unified Requirements, EXIGO is designed with built-in cybersecurity.

The system features multiple layers of protection against modern cyber threats, ensuring safe, secure, and reliable critical communications onboard.

MED Approval

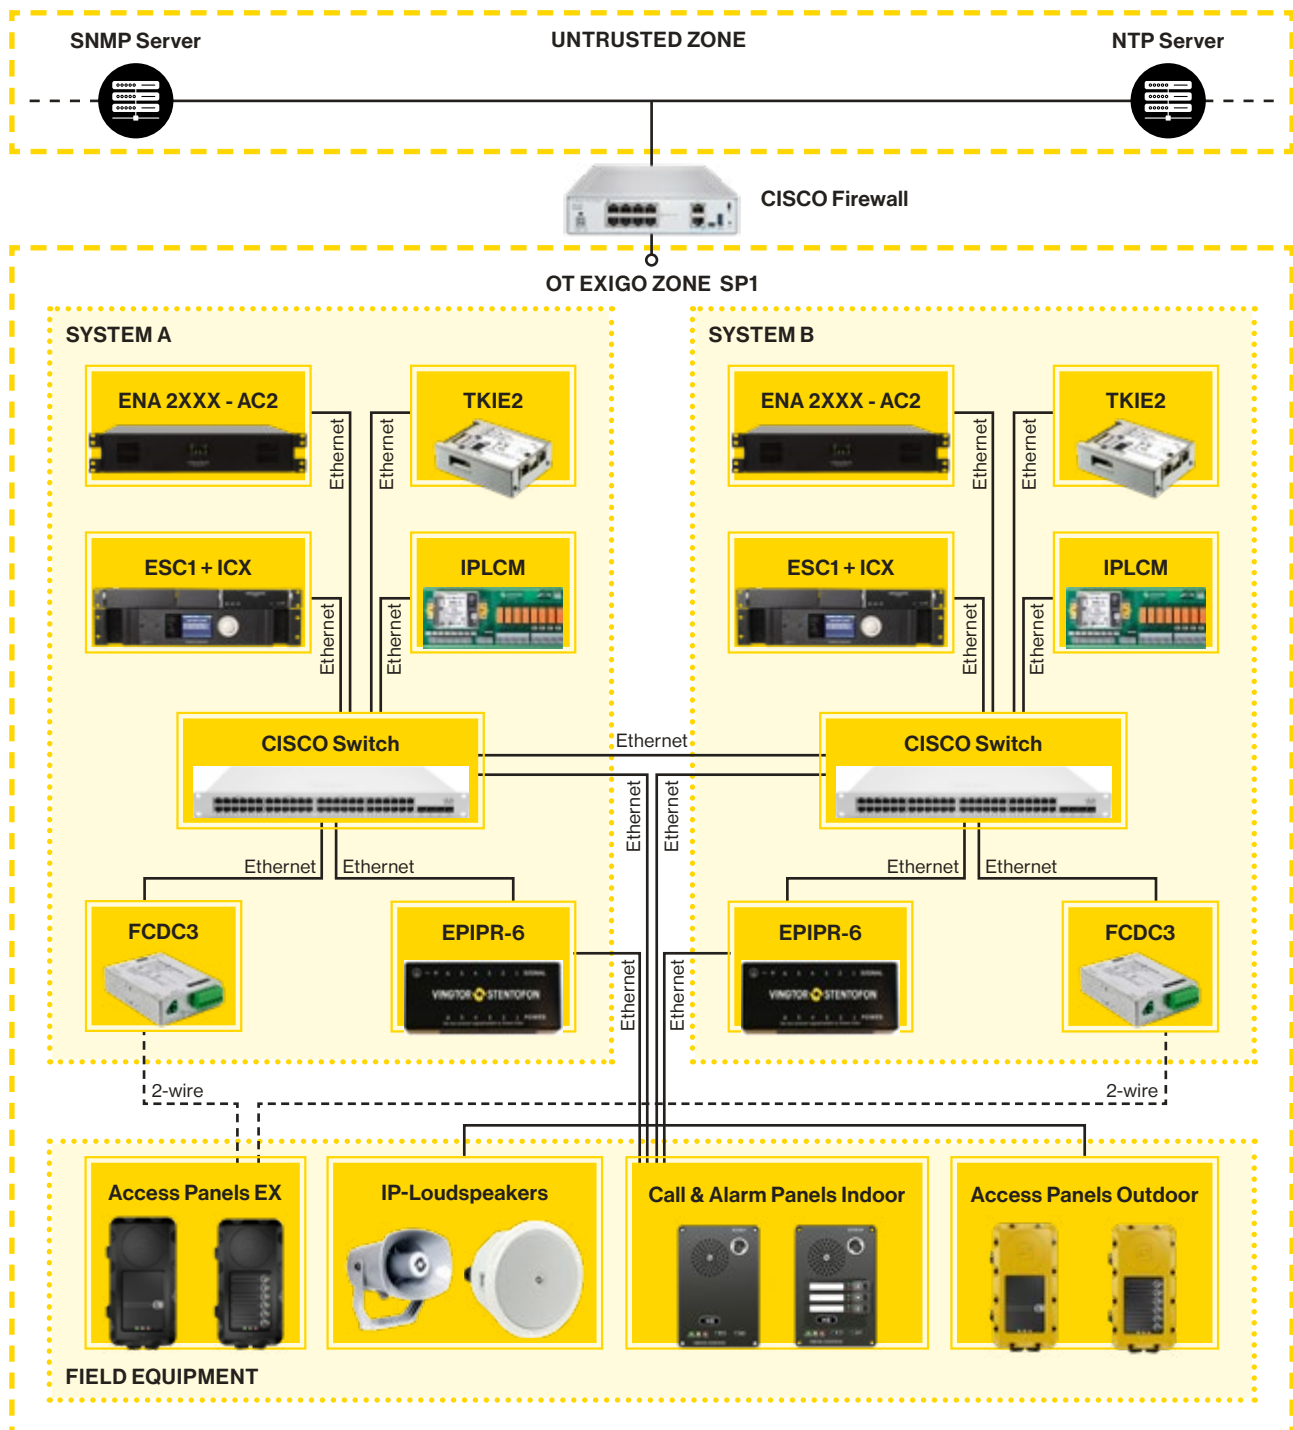

Approved **October 2025**

The EXIGO PAGA System now meets stringent EU safety regulations.

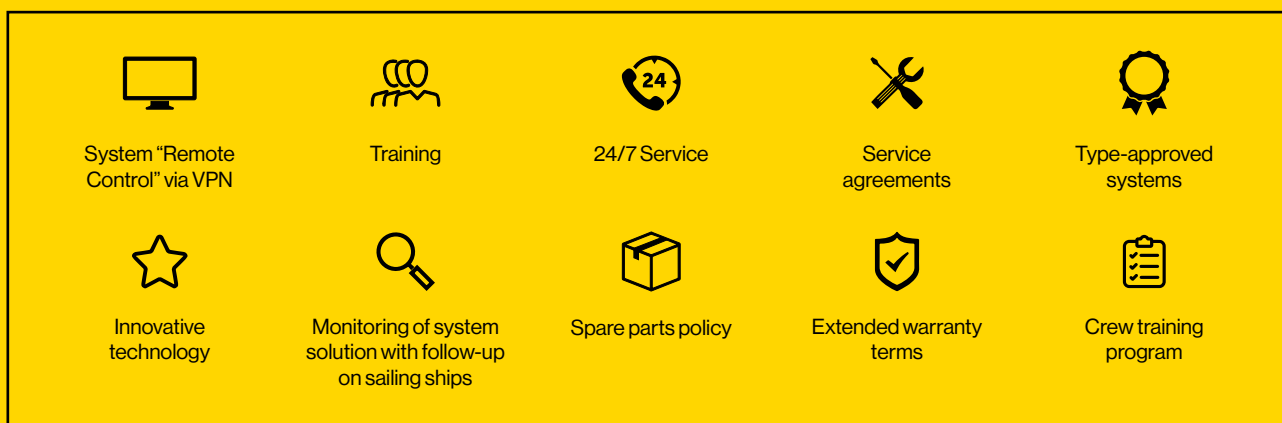

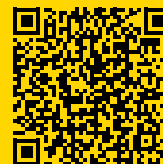

MED certification confirms the solution's compliance with the highest standards of design quality and manufacturing consistency, making Zenitel's EXIGO a trusted choice for both EU-regulated fleets and customers seeking alignment with leading global practices.

EXIGO PAGA System Overview

Key Products:

Order Number	Description
1023000000	Exigo System Controller
1023201206	Exigo Industrial Access Panel, 6 Buttons
1008080310	Flowire Ethernet Converter - DC Voltage
1023221616	Exigo Industrial Ex Access Panel, 6 Buttons - V2
1023200030	Exigo Call Panel, PTT Button
2810010120	Floor cabinet 19" 42HU 800x800x2000mm swing frame

WHY ZENITEL?

You need systems that work. Every time. We provide reliable and resilient integrated communication solutions. We understand that the safety and efficiency of your most valuable resource – your employees – is key to your success.

We're specialists in the maritime and energy segments: we know the ocean industry, and we speak your language. Our innovative solutions for critical and intelligent communication deliver reliable performance in all conditions. We also understand your need to safeguard your assets, whether it is an ocean-going vessel or an energy plant. That's why we offer integrated communication solutions that enable seamless information sharing, so you can make better decisions more quickly.

Our systems and solutions provide high availability, scalability, reliability, maintainability and cyber defensibility. Our flexible and innovative solutions for intelligent communication, data, safety and entertainment systems deliver reliable performance in all conditions.
