

Release Bulletin

Release of Zenitel Connect Pro OPC UA

To: All Zenitel Offices & Partners

17 April 2026

Product Name: Zenitel Connect Pro OPC UA

Release Version: 1.0.0.1

Release Date: 17 April 2026

Licence Model: The product requires a Zenitel Connect Pro - Integration license - ZCL-API (item number 1002720900)

We are pleased to announce the first official release of **Zenitel Connect Pro OPC UA Server (v1.0.0.1)**.

This release enables standardised connectivity, monitoring, and control between Zenitel Connect Pro and third-party systems using the **OPC UA** standard. It is designed to support integration with SCADA, BMS, and other automation platforms.

Key Highlights

- Standardised OPC UA integration with third-party systems
- Secure client/server communication with encryption and user authentication
- Real-time data access to status, alarms, and control points
- Configurable address space reflecting Zenitel Connect Pro objects and signals

Availability and Requirements

- The OPC UA server is available for download from Zenitel Wiki
- Works with Zenitel Connect Pro **version 1.8.0 or later**
- Requires a Zenitel Connect Pro - Integration license - **ZCL-API** Item number: **1002720900**
- Needs to run on a **Windows** machine, including **Windows Server** or **Windows 10/11**

Supporting Material

- Installation and configuration guide on Zenitel Wiki
